

Agenda :

- ① What is MLOps
- ② streamlit & app building
- ③ stock price analysis ✓
- ④ ML App — Cons24 ✓

MLOps :

Traditional Software Engg. →

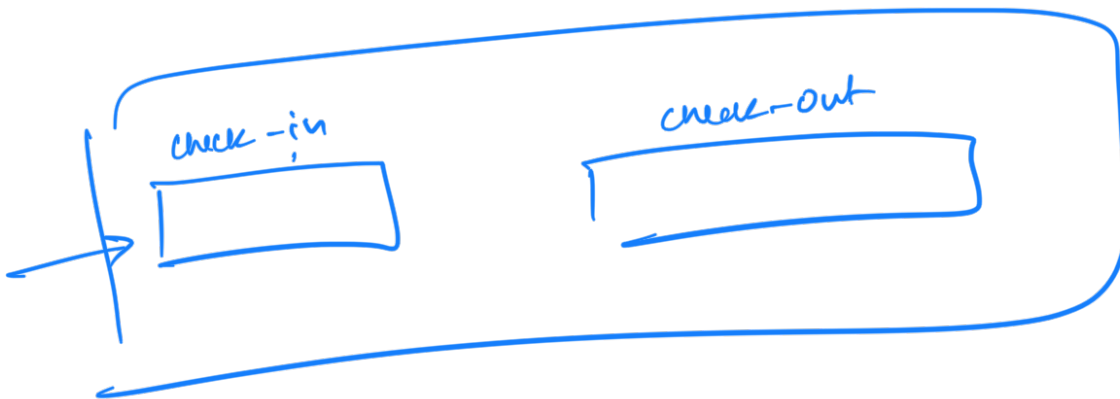

ML Models to be integrated
in their s/w systems →

MLOps

-
- A large right-facing curly bracket groups the following list of steps for MLOps integration:
- Develop Applications (streamlit)
 - Develop APIs (Flask / FastAPI)
 - Dockerise / containerise
 - AWS Deployment
- A curved arrow points from 'AWS Deployment' back to 'Dockerise / containerise'.

- CI/CD using GitHub Actions
- ML system Design
- AWS Sagemaker
- Guest lecture → Truefoundry
(ml ops)
